

ISO 14001 ENVIRONMENTAL POLICY

Policy Statement

The Ellsworth Adhesives group of companies believe that they have an important responsibility to acknowledge the impact that our operations may potentially have on the environment. The senior management believes and is committed to monitoring and improving our environmental performance and intends to achieve this by providing evidence of compliance with all present and future environmental standards. The group of companies intend to achieve an excellent environmental performance by following the policy objectives:

- Minimising our waste and prevent pollution by continuously evaluating our operations and ensuring that they are as efficient as possible.
- Actively promoting recycling both internally at all our sites and externally with our customers and suppliers.
- Set and review environmental objectives during annual Management Review Meeting and monitor the company's environmental performance with the aim of constantly improving it.
- Promoting environmental awareness among employees and training staff about how environmental issues may affect their work.
- Comply with all environmental laws and any guidance issued by the Environment Agency and any other legislation.
- Conduct audits of all procedures, processes and practices and respond to deficiencies in an appropriate manner.
- Aim to ensure suppliers and contractors operate to the environmental standards set by the company policy and make the policy available to any interested parties.
- Commit to continual improvement and the prevention of pollution.
- The Environmental Policy is available to view on our website to any interested parties at www.ellsworthadhesives.co.uk
