

CR300 1/10th Gallon Cartridge Retainer

The CR300 was developed with a new seal design, for greater seal performance and durability by sealing directly onto the inside of the inserted cartridge.

Fully compatible with 1/10th gallon plastic and metal caulking type cartridges (300/310ml) this high-grade anodized alloy retainer and cap ensures a safe, comfortable dispensing pressure of up to 100 psi (6.9 bar).

With a high performance and unique versatility, this retainer can be used as a pressurized fluid reservoir system in conjunction with a Fisnar dispense valve.

Spare Parts & Accessories (Sold Separately)

Item Number	Description
CR300-SEAL	Retainer Cap Sealing Ring
562146	Quick Connect Hose (6 ft)
560549U	Cartridge Retainer Stand

**560549U stand sold separately*

Item Number	Description
CR300	Cartridge Retainer Assembly (Retainer, Cap, Seal and Hose)

Features & Benefits

- Supplied with a universal air-inlet for effortless system installation and integration
- Quick release air-inlet coupling ensures a safe & easy changeover of the cartridge without the need to depressurise the system air pressure
- Designed for long lasting use
- Quick and easy screw on cap can be attached directly to a Fisnar air-powered dispenser

Cartridge Adapter Nuts

Used for converting male thread on a 310ml (1/10th gallon) cartridge to a 1/4" NPT female thread. 1/4" NPT nozzles, tip adapters or fittings can be connected to allow material dispensing directly from the cartridge.

Item Number	Description
561129-SS	316 Stainless Steel
561129	White Acetal
562317	Cartridge Adapter Black Acetal 1/4" NPT x 13/16- 14 UNC
560546	Cartridge Adapter Polyethylene 1/4" NPT Female
